Course Highlights

- Comprehensive Curriculum: Basic and Advanced Level 4 (MIC I–III) training in Gynecological Endoscopic surgery, designed to develop both foundational and advanced surgical competencies.
- Advanced Techniques Training: Specialized instruction in Minimally Invasive Gynecologic Surgery (MIGS), including Sentinel Lymph Node Mapping and Lymphadenectomy procedures.
- Robotic Surgery Exposure: Introduction to robotic-assisted gynecological surgery platforms, principles, and operative techniques.
- Exclusive Hands-On Experience: Intensive practical training with continuous direct supervision and mentorship from internationally recognized expert faculty.
- Elite, Limited Enrollment: Restricted to only 10–12 participants per cohort, ensuring personalized instruction, focused skill development, rigorous assessment, and individualized certification.
- State-of-the-Art Simulation Training: Access to advanced simulation facilities, including AGE laparoscopic simulators, immersive surgical simulation modules, and specialized MIGS suturing workshops.
- All-Inclusive, Hassle-Free Logistics: Course fees include single-occupancy hotel accommodation, daily breakfast, program meals, and Frankfurt Airport (FRA) train transfers via the direct high-speed DB ICE® rail service, departing every 30–60 minutes and reaching in approximately 43 minutes.
